## Kanoning in France

This experience makes you not only more confident, but makes you appreciate the untouched nature.

*We are located between Barcelona and the Pyrenees in the south of France where we are waiting for a van that will take us to the top of the Pyrenees, where we meet some other adventure joyful groups. Before starting with the 20 minute hike, we take with drinks and sandwiches energy to us - all inclusive!*

*The hiking was due to my companion from Italy, UK, US, Australia and Spain very humorous. Up on the mountain, we put on our wetsuits and start to swim between giant stones to slide through rocks, followed by several jumps from 10 to 40 meter high cliffs and waterfalls! We all know exactly how to have fun the safe way by the introductions of the leaders and support throughout this adventure.*

*All these exciting moments are recorded on a GoPro and shared to us all - gratis! We are all quite sure when we say we want to have this experience again!*

Includes: Private transport, food and beverages, equipment, guidance, HD photos, toast after surviving the adventure.

Please note that all vouchers are individual and may have different enclosures and procedures.
